

Freebie Directions

1. Print and laminate the cards for durability.
2. Cut each card into three pieces.
3. Scramble the cards to mix up the word parts and pictures.
4. Students should pick two word parts, read the syllables, and try to match them to form a complete compound word. Next, they should connect the picture that matches the compound word.
5. Continue matching until all puzzles are reassembled with correct words.

up set

cat fish

Name _____

Compound Words

Read at the words on the page. These are parts of compound words. Find two parts that go together to make a complete word, like sun and set. Use your pencil to draw a line connecting the two matching parts of the compound word. After connecting the words, write each full word, like sunset, on the writing lines at the bottom of the page. Keep going until all the compound words are matched and written!
