

Freebie Directions

1. Preparation: Print and laminate the plates and pie slices. Cut out each plate and pie slices carefully.
2. Set-Up: Select 2-4 review concepts for the activity. Each plate has a target concept in the center, such as vowel teams (like "ee" and "ea") or bossy r patterns (like "ar" and "or").
3. Activity: Distribute the pie slices among students. Students will read each slice and sort it onto the correct plate by matching it with the target concept (e.g., place "ea" words on the "ea" plate, "ar" words on the "ar" plate).
4. Goal: Continue sorting until all pie slices are correctly matched with their corresponding plates.
